HEART YOUR HOME

Cover image: Bespoke Letterpress

Welcome to our 2024 Mother's Day Gift Guide which I can hand on heart say has something for everyone! Whether you're searching for the perfect present for the special mum (or mum figure) in your life, or for ideas to give hints to your other half or kids, you're in the right place!

If you're reading this, we know you probably love gorgeous things for your home, but we've also included plenty of other options from food and drink to jewellery to luxurious bath and body products, a chic gardening belt and even the prettiest toolbox you ever did see!

If my own husband is reading (I'll send this to him, of course), I'd like to direct him to the designer oil burner on page 6, the extra large luxury shower oil on page 8 and the deli box on page 9. You're welcome. Seriously though, many of these brands are small Australian ones that I know and shop from myself on a regular basis, especially when I feel like I deserve a treat!

As a motherless daughter myself, I know this day can be tricky for many, so I sincerely wish you all a lovely day. And happy shopping!
